You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.

Sandra Boynton has created a lot of lovable animals in her books. It is usually the Turkey who gets things wrong or is left out. In this book there are no turkeys."A cat and two rats are buying new hats. But not the hippopotamus."That sets the feel for this story of the lonely hippo who seems to be left out of all of the fun.
