78 years ago, the first Navajo Code Talkers joined the ...

A code talker was a person employed by the military during wartime to utilize a little-known language as a means of secret communication. The term is now usually associated with United States service members during the world wars who used their knowledge of Native American languages as a basis to transmit coded messages. In particular, there were approximately 400 to 500 Native Americans in the United States Marine Corps whose primary job was to transmit secret tactical messages. Code talkers tr
