The Hidden Persuaders was first published in 1957 and is one of the first popular books to describe the psychological techniques advertisers and marketers use to sell their wares. While these techniques have only become more sophisticated in the half century since the book was written, the themes are still highly relevant.

The Hidden Persuaders Project has collaborated with independent filmmakers to produce two documentary films on the Korean War controversies that made 'brainwashing' a household word in the 1950s. We are pleased to now add a third film looking at the role of hidden persuasion in the field of advertising.
