### Last Of The Cybermen Doctor

`Last of the Cybermen' is a fantastic, exciting story that pays homage to the Second Doctor's entire era, from `The Power of the Daleks' to `The War Games', with links and references in abundance and with especially loud, metallic echoes of what for me is still the best Cyber-adventure of them all.

**Doctor Who Recap: Blame It on the Rain**

The second Doctor Swap in the locum Doctor trilogy works far better as the Sixth Doctor has been paired with Zoe and Jamie before. It also has some clever elements after a set up that seems like a rehash of Tomb of the Cybermen. One of the story's strongest saving graces of this story are the Captain and Lanky. They're likable and fun additions.
