Modern Vim - Pragmatic Bookshelf

Modern Vim is a recipe book. It's not designed to be read from start to finish. Each chapter is a collection of tips that are related by a theme, and each tip demonstrates a particular feature in action. Some tips are self-contained.

Modern Vim: Craft Your Development Environment with Vim 8 ...

A mediocre book that is not in anyway better than what Google can offer. Still, I loved the idiotic title: Modern Vim. So the reader won't be confused with the Medieval Venetian Vim of the 15th century, clearly inspired by the Ancient Greek Aristotelian vi, programmed without spaces, punctuation or minuscules.
