A Fitness Program for Motorsport Hi everyone, I was wondering if you could help me put together a program to prepare myself for a season in

motorsport. I've been doing some basic interval training on the treadmill, and circuit focused on bodyweight / resistance.

**A Fitness Program for Motorsport : Fitness**

Car won't improve. In my 5th season my car bar is half of the medium value for the league. The only thing that helps to improve the car is to produce as much new components as you can. That's the only thing that improves your car over the seasons. Remember, without a good car the rest is worthless. So don't waste your money on expensive staff.
