Nature, in the broadest sense, is the natural, physical, or material world or universe. "Nature" can refer to the phenomena of the physical world, and also to life in general. The study of nature is a large, if not the only, part of science. Although humans are part of nature, human activity is often understood as a separate category from other natural phenomena.

Nature - Wikipedia

Wholeness, which is a word I use interchangeably with oneness, is the feeling of fullness, vastness, and completion - it is the experience of embodying our true nature, the Self that exists beyond our scrawny and limited personalities (also known as our egos).
