Just wondering for those who drive a 97-04 Hilux what your fuel consumption is. I currently average 500km/tank, think the tank is around 65-70litre. roughly! 12l/100km @ avergag speeds of 80km-100km an hour. Fuel filter was recently changed so i can only assume that is is normal.

97-2004 1kz-te Fuel consumption | 4x4Earth

Hi all, I bought a new Prado 120 in 2007 and it came with the "older" 3 litre 1KZ-TE engine (Diesel). This was in Kenya at the time and before the D4D was released in that part of the world due to worries about fuel quality. Anyway, very nice car, never any issue except one. It isn't very fuel efficient, and runs at 8km/l, but more like 7.5 if running around town.

When mated to a hybrid system, the engine gets 9 percent better fuel economy and 18 percent better speed off the line. Toyota's engineers achieved the improvements through several tweaks.

Toyota revs engine development - Automotive News

I took my engine to a dyno before swapping it for a 2JZ ("cuz hey, if I'm gonna the 2JZ mileage anyways, might as well get power) and they told me the engine was getting more fuel than it should. Apparently the engine fuel intake regulator wasn't regulating properly but still "working" so no engine issue was detected.
